

2000 CLASS RAILMOTORS

Imagine taking your first trip on the first two car **2000 Class Railmotor** in 1956.

You would be travelling in the second unit and that could seat 42 people and also had a luggage compartment.

What would you take with you in your small suitcase if you were travelling in 1956?

Circle the things you would pack in the suitcase if you were travelling in 1956.

Draw five things that you would take if you were going on a train trip.
Why would you take these things?
